

GUDELINES FOR PATIENTS USING INSULIN AND OTHER
INJECTION/MEDICINE THAT HAVE TO BE KEPT ON PARTICULAR
TEMPARATURE

(A) STORAGE OF INSULIN

- Before use, keep the unopened insulin in a refrigerator where the temperature is between 2-8 c. Do not allow it to freeze. Discard if frozen
- Once in use, the insulin should be kept in the refrigerator below 25 c
- Discard the insulin within 28 days of first use .
- Do not leave it near heat or in direct light

(B) ADVICE TO THE PATIENTS

Please bring ice-pack or ice-box with you while visiting IIT-D Hospital in case you have a plan to reach the home many hours after you get these medicines/injections issued from IIT-D Hospital
